Re: Finance Business Analyst — Veghel

Tilburg, 7 September 2026

I applied for the Finance Business Analyst role. My economics degree gave me the vocabulary of finance - margin decomposition, variance analysis, working capital - and my year at Netvice gave me the craft of making numbers reliable: pipelines, KPI definitions, and reporting an operation steered by every day.

I build my own tooling (SQL, Python, dashboards) and everything I claim is live at franciscorau.com. Available immediately, based in Tilburg - 25 minutes from Veghel.
